Random Matrices and Iterated Random Functions: Münster, October 2011 - Google Books Result 23 Oct 2017 . The Hausdorff dimension and measure of random constructions such as 2.1 Exact Hausdorff and packing measure for random recursive. Exact Hausdorff dimension in random recursive constructions Sometimes the open set condition in the construction of recursive sets is . fractal dimensions of some random recursive sets, we give a definition of the finite. On the dimension of deterministic and random Cantor-like sets We explore the exact packing dimension of certain random recursive construc . (v) The construction satisfies the random open set condition: if ϕ and ψ are in [15] have found the Hausdorff dimension, d , of the limit set $K(w)$, provided $K(w) = \phi$.
